WELCOME TO BOGOTA JUNIOR/SENIOR HIGH SCHOOL

Every young person wonders what their future will be. Setting realistic goals and taking full advantage of the educational opportunities afforded you at Bogota High School will produce great rewards.

Now is the time to train yourself to be the kind of worthwhile citizen you would like to be. This means respect for the rights of others, a sense of responsibility to your family, your friends, your school and yourself.

You hold the key to your future. Set your expectations as high as possible. Communicate and share your experiences, and determine to be a productive member of our community.

BOGOTA HIGH SCHOOL PHILOSOPHY

Our educational philosophy is based on the belief in one's ability to face the world with their own skills and to solve their problems through his/her own intelligence.

We strive toward a school system that is fair to both the vocationally oriented as to the academically oriented, one which meets the separate needs of each, fosters an empathy that is the deepest root of democracy. To think critically, to communicate thoughtfully, to make relevant judgments, to discriminate among values... these are the abilities we seek to develop in our young people. Each of these is an indispensable co-existent function of a maturing mind.

STATEMENT OF OBJECTIVES

1. To empower each student to appreciate and actively engage in American citizenship under a democratic form of government and assist them to become, both immediately and in the future, the best type of citizen they can be.
2. To stimulate the improvement of basic skills and health, as well as to further develop an appreciation of aesthetic values.
3. To provide a wide range of subjects so as to adequately prepare all students, whether they plan to choose further education, an economic field, or home life.
4. To create in the pupil a desire for continual growth in leadership, personality, and character by helping him/her to attain mental, physical, moral, social, and emotional maturity.

TRADITIONS

BOGOTA BUCS

This handbook has been prepared for the students of Bogota Junior/Senior High School. The explanation of the organization of the school, the program, the activities, and some traditional rules and regulations should answer many questions for students. Members of the administration, faculty and student congress will be happy to answer any specific question.

COLORS & SONG

The colors of Bogota Jr./Sr. High School are purple and gold. Traditionally, students wear clothing or emblems with purple and gold on game days to the games. The Alma Mater is the official school song. It is sung at assemblies and at graduation. The words appear on the last page of this handbook.

PUBLICATIONS

The school yearbook is a pictorial presentation of the school year in review. Its major emphasis is on senior activities but it appeals to students of all grade levels.

The Outlook is the literary publication composed of short stories, poems, essays and artwork submitted by the students of Bogota High School.

The school newspaper, *The Buccaneer (Klaxon)*, is published periodically during the year and can be viewed on our high school web page. It provides a current review of curricular and extracurricular activities. Applications for staff membership can be made and selection is on the basis of journalistic ability. In addition, any student may contribute articles to the editor.

On the activity time schedule each class is shortened to provide for seven shortened periods, lunch, and an additional period to be utilized for an activity, usually a school assembly or class meeting. STUDENT REGULATIONS

STUDENT CODE OF CONDUCT

Bogota Junior/Senior High School's Policy seeks to ensure that all students are treated equitably. These standards of conduct apply to all students during school hours, before and after school while on school property, traveling to and from school, and at all school sponsored events. Furthermore, these standards of conduct apply off of school grounds when misconduct can be demonstrated to negatively impact the educational process or endanger the health, safety, welfare or morals of our school community.

Throughout this disciplinary policy it is of utmost importance that there be cooperation between the school and the home. Parents/Guardians **MUST** be kept informed of their child's conduct in school. A parent/guardian is asked to check the RealTime discipline module for the most up to date write ups and repercussions.

Of course, a student's age, maturational level, handicapping condition and intent are all to be considered when determining the level of severity. For classified students, there should be notification to the Child Study Team whenever there is a recommendation for an out of school suspension.

GAGGLE

Bogota Jr/Sr High School utilizes a program called, "Gaggle" to monitor all students' Google drives and email. Anything related to violence, substance, self-harm, and sexual content is flagged and the administration is notified so the appropriate response may be provided.

SPEAK UP

Bogota Jr/Sr High School utilizes an anonymous information sharing forum called: "Speak Up". Students can call/text 484-361-4544 or email speakup@bogotaboec.com 24/7 to report an issue. This means that students, staff, parents or guardians may ANONYMOUSLY report any issues or concerns they may have.

Harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a pupil's ability to learn and a school's ability to educate its pupils in a safe and disciplined environment. Harassment, intimidation, or bullying is unwanted, aggressive behavior that may involve a real or perceived power imbalance. This may be written, verbal, physical or by electronic communication. Any act of harassment, intimidation, or bullying should be reported to a staff member immediately. The school Anti-Bullying Specialist will investigate reported incidents.

Weapons shall include, but are not limited to, imitation weapons such as toy guns, toy knives, etc.

In the event that a student shall bring to school a weapon or dangerous instrument, the school principal/vice-principal shall confiscate the instrument, and the incident shall be reported to the police and superintendent's office immediately.

In the event that a student shall threaten another person with a knife or any other weapon, the student shall be controlled, if possible, and the incident reported immediately to the school principal/vice-principal who shall report immediately to the police and the superintendent of schools. In the event that the school principal/vice principal is not present, the person or persons designated by the principal to be in charge shall report the incident immediately to the police and superintendent.

SUBSTANCE ABUSE

Board of Education Policy 5530, Board of Education Regulation R5530 -

The Board recognizes that a pupil's abuse of harmful substances seriously impedes that pupil's education and threatens the welfare of the entire school community. The Board is committed to the prevention of substance abuse and the rehabilitation of substance abusers by educational means, but will take necessary and appropriate steps to protect the school community from harm and from exposure to harmful substances.

Substance shall mean: alcoholic beverages, illegal drugs and/or controlled dangerous substances as defined by NJSA 24:21-2, anabolic steroids, or any chemical or chemical compound that releases vapors or fumes causing a condition of intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system, including, but not limited to, glue containing a solvent having the property of releasing toxic vapors or fumes as defined in NJSA 2A:170-25.9, or over-the-counter prescription medications that are improperly used to cause intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system.

Substance abuse means the consumption or use of any substance for purposes other than for the treatment of sickness or injury as prescribed or administered by a person duly authorized by law to treat sick and injured human beings.

The Board prohibits the use, possession, and/or distribution of a substance by pupils, staff, or others on school property, at any event away from the school premises that is sponsored by the Board, and on any transportation vehicle provided by the Board.

Any student who is found to be in possession of or intoxicated at a school function shall be drug tested and disciplined accordingly.

SMOKING AND TOBACCO/VAPING

Smoking, the use of tobacco or electronic cigarettes/vapors are not allowed on the grounds or in the building of Bogota Junior/Senior High School. Anyone in possession of or using cigarettes, chewing tobacco, lighters, and matches or smoking devices may be prosecuted to the full extent of the law. In addition to the disciplinary action taken for vaping, students will be required to complete an online educational program regarding the health risks involved with vaping.

ELECTRONIC INSTRUMENTS

Electronic devices, including, but not limited to: cell phones, cameras, electronic games, iPads, chromebooks/computers, and tablets may not be used in the classroom unless allowed by the teacher or administration. Electronic devices should be secured in book bags, pockets, or student lockers. The school assumes no responsibility for lost items.

DRESS POLICY

Bogota Jr./Sr. High School students will be required to wear a school uniform. The uniform will consist of a BHS polo shirt that is provided by a specific vendor. The 8th graders will be required to wear gold colored polo shirts while the 9-12th graders will have a choice of either purple, grey or black colored polo shirts. All students will be required to wear beige/khaki, navy or black pants, shorts (cargo pants, leggings/yoga pants & all joggers ARE acceptable) and skorts at appropriate length or Capri pants -which can be purchased from the vendor.

The administration reserves the right to discipline any student who is not dressed in the school uniform. Students may be held in the Main Office and parents may be notified of the student attire and will be given the opportunity to bring an appropriate uniform to school for their child, or to bring their child home to change into the uniform. Discipline will be assigned accordingly.

DETENTION/MEDIATION DETENTION/EXTENDED PM DETENTION:

Students must report by 2:45PM on the day(s) of detention/extended PM detention.

Detentions/Mediation Detentions will be served for one half hour (2:45PM–3:15PM). Extended PM detentions will be served for 2 hours (2:45PM–4:45PM) with the Vice-Principal.

IN SCHOOL SUSPENSION (ISS)

At times, a student's infraction may warrant an in school suspension (ISS) rather than an out of school suspension. Students will report to the main office at 8:15AM and be dismissed at 2:40PM. They will be denied the privilege of their regular schedule and depending on the infraction, possibly school activities, and spend the day doing assigned work. Students will not disturb or talk to others, and will not be permitted to leave the room, except for emergencies. Lunch will be consumed in the suspension room during their assigned lunch period. Failure to comply with these guidelines may result in the assessment of another day of ISS or other disciplinary measures.

OUT OF SCHOOL SUSPENSION (OSS)

Conduct that shall constitute good cause for suspension (or expulsion) shall include, but not be limited to:

- Any pupil who is guilty of continued and willful disobedience, or of open defiance of the authority of any staff member, or of the habitual use of profanity or of obscene language, or who shall cut, deface or otherwise injure any school property, or in any way injure, or harass any student or staff member or theft of any property, shall be liable for punishment and/or suspension (or expulsion) from school.
- As a consequence of a violation of school rules, students may be denied the opportunity to attend classes. This does not relieve the student of the responsibility for completing work due or assigned during the time of the suspension. Upon receiving OSS, students will be sent work from their guidance counselor/case manager. Guidelines for returning work/timeline for submission will also be given at this time.
- Students must remain off campus for the entire duration of the suspension (including after school hours). All work assigned during the suspension is due on the day of the return. During the day the student may receive both an AM and PM telephone call from the school. Failure to answer the call will cause the day not to count as a suspension, but as an absence.

RE-ADMISSION FOR RETURN FROM OUT OF SCHOOL SUSPENSION

The student's PARENTS OR GUARDIAN must accompany the student to a meeting with the Vice Principal. This is to be at a pre-scheduled time and should not be during class time. Re-admission conferences are generally held at 8:00 AM and at 2:45 PM.

All work done during the suspension is due at the readmission conference. A pass re-admitting the student will be provided. Without the pass, teachers will not allow the student to class and will mark the student absent.

ALTERNATIVE TO SUSPENSION

Students who have demonstrated an inability to reform after repeated violations may be required to attend an off-campus alternative suspension program. Initially, both the student and parent will join an administrator at the facility for an intake meeting and at the end of the week-long program. Students will complete all school work during the program. Failure to complete the program will result in the student not being allowed to return to school.

FORFEITURE OF STUDENT PRIVILEGES

Any student involved in serious or chronic discipline infractions may forfeit student privileges i.e., co and extracurricular activities, prom, graduation ceremonies.

EXPULSION

Pupils who are guilty of continued serious misconduct and who seriously interfere with the opportunity of other students to carry on their learning activities may be recommended to the Board of Education for expulsion.

BOARD HEARING

The power to expel a student from the school system is vested solely in the Board of Education. If the actions or behavior of a student are such to warrant expulsion, the

principal shall refer the case to the superintendent who shall place the case before the board.

Students who are guilty of continued serious misconduct and/or seriously interfere with the opportunity of other students to carry on their learning activities shall be recommended to the board for expulsion from Bogota Junior/Senior High School.

The following steps shall be taken:

- Parent(s)/Guardian(s) notified.
- Student shall be referred to the Child Study Team for evaluation.
- Student suspended from the high school.
- Board sets date for formal hearing.
- Board attorney arranges legal notices and prepares evidence.
- Board hearing is held.
- Board will meet to decide if the student will be expelled from Bogota Junior/Senior High School.

ATTENDANCE POLICY

ATTENDANCE PROCEDURES

The goal of the Bogota Board of Education is to provide an appropriate educational program for every student enrolled in the schools of the district. Pupil participation in all regularly scheduled classroom activities is essential if the Board is to accomplish this goal. In addition, frequent absences from regularly scheduled classes disrupt the learning process and will not allow a student to receive the maximum benefits of the district's educational program. Therefore, to acquire a thorough and efficient education, each enrolled student shall attend the entirety of each class, each day when school is in session or shall be engaged in other approved school activities, unless legally absent.

OVERVIEW

A student must be in attendance a minimum of 164 days to receive course credit. A student absent more than 16 days of school is liable for the penalties of this policy regardless if the absences are excused or unexcused. Class periods missed through tardiness to school, absence from school or early dismissal will be counted as absences. All absences will count toward this limit with the exception of the following non-countable absences: religious observance, doctor treated illness (doctor's note within one month of absence), court-ordered appearances, suspension from school, or death in the immediate family. Although a student may satisfactorily complete the course objectives, they may not receive credit if the attendance requirements for that course is not fulfilled.

Parents have a direct responsibility to establish habits of punctuality and regular attendance. On the first day of an absence, parents are required to telephone the school. Any medical absence may be excused and will thus not count against total seat time. In order for this to be approved, a doctor's note must be provided within ONE MONTH of the appointment.

Respecting a student's right to an education, the following plan of action utilizes due process and constructive measures of rehabilitation.

Failure will result on the following days:

- Full Year Courses: 16th Day
- Three Quarter Courses: 13th Day
- Half Year Courses: 9th Day
- Cycle/One Quarter Class: 5th Day

Participation in co-curricular activities is a privilege. A student must attend classes regularly in order to be eligible to participate in these activities.

Students who lose credit under the attendance policy guidelines may not be permitted to participate in co-curricular activities for the remainder of the school year.

TARDINESS TO SCHOOL

With each unexcused lateness to school, an afternoon detention is assessed. A day of absence will be attained for every three excused or unexcused tardies. One absence will be recorded for each full period missed due to tardiness. All tardies will be totaled and added to the days of absence accumulated in the attendance policy. After five excused tardies, the student may begin receiving detention for excused tardies.

Each dismissal from school, unless for administrative reasons, will be counted as an absence for the periods missed. Early dismissal during the last period of the day will be counted as one-third absence and totaled as in the tardy policy.

Consistent tardies may result in additional disciplinary actions.

EARLY DISMISSAL

To the greatest extent possible, parents are encouraged to schedule medical or dental appointments for students during non-school hours. Each dismissal from school, unless for administrative reasons, will be counted as an absence for the periods missed. **No student will be released unless a parent/guardian/emergency contact comes to the Main Office to pick up the student or the student is 18 and may sign themselves out.**

MINIMUM ATTENDANCE REQUIREMENT FOR AFTER-SCHOOL ACTIVITIES

Students must be present in school on a given day in order to practice or participate in **ANY** extra-curricular or athletic after-school activity that same day. To that end, **students must sign in no later than 9:56 AM** (beginning of period 3) to be permitted to officially participate in a scheduled practice, competition, or game. Should a student's situation not fall within the above guidelines, the principal or vice-principal will render a decision.

CLASS CUTS

A cut is defined as absenting oneself without permission from scheduled periods, including classes, lunch, or activities such as assemblies. A cut will count towards one full absence for seat time. Administrative action, as it relates to a cut, will be issued.

The following procedure will be followed when appealing an attendance failure:

PETITION FOR APPEAL: A written petition must be submitted to the Principal by the student's parent/guardian, no later than five (5) school days after the receipt of no credit status. Failure to do so will forfeit the right to an appeal. If the student initiates an appeal, they must regularly attend school and class until their appeal is heard and a decision is rendered.

ATTENDANCE REVIEW BOARD: In keeping with the dictates of the due process procedure, the School Attendance Review Board will review cases brought by petition from the parent/guardian within (15) days of receipt. The appeal committee will be comprised of the Vice Principal, two teachers, school nurse, guidance counselor of the appealing student and child study team caseworker, if appropriate.

REPEAT COURSE GUIDELINES/EARNING CREDIT:

In the event that a student completes the course and earns a passing grade, but has not attended a sufficient number of days to earn credit, the grade will be noted but the class will be awarded 0 credits (no credit.) In the event that a student completes the course and earns a failing grade, but has not attended a sufficient number of classes to earn credit, they will be awarded a grade of "F." In the case of an eighth grade student, if a N/C (no credit) grade is awarded, the promotion policy applies. That means promotion for grade 8 to grade 9 is not automatic.

In either event students will have the option of attending a State approved summer school and earning both grade and credit.

GAMBLING

Student gambling of any form will not be tolerated. An administrator will handle infractions.

TELEPHONES

Students may use office phones with an administrator's approval.

HALL PASS

Any student who must be in the hall while classes are in session must obtain a hall pass (e-hallpass) before leaving the classroom. Failure to produce a hall pass may result in disciplinary action.

CONDUCT IN HALLS

All students should pass quickly and quietly and conduct themselves in an orderly manner when passing from class to class. Students must not be in the hall without a pass while classes are in session.

RECYCLING

All students and staff are required to recycle. Each classroom and office has recycling receptacles.

SIGNS IN THE HALLWAYS

There is no posting of signs, posters, advertisements, or decorations without the permission of an administrator. All signs must be posted in designated areas only. The use of scotch tape is not permitted, only masking tape. All signs must be removed by the sponsors immediately following the event.

DEFACING AND DAMAGING SCHOOL PROPERTY

A student found defacing or damaging school property should be sent immediately to the office where suitable action will be taken. In all cases, a student will be fined for damage to school property along with possible disciplinary action.

WORKING PAPERS

The way teens obtain working papers in New Jersey has changed!

As of June 1, 2023, Working Papers for minors have gone digital. Minor workers, their caregivers, and employers all fill out their respective parts of our streamlined online application instead of using the old paper form. To download a handout explaining the new process go to:

<https://nj.gov/labor/youngworkers/find-a-job/working-papers/getstarted.shtml>

Any questions or concerns, please contact the Guidance Dept. at 201-441-4808, extension 2008.

GYM LOCKERS

Students are not assigned gym lockers. Students are strongly encouraged to put a lock on a gym locker only during their physical education period. Students are not to put any personal valuables in their lockers and MUST lock their locker during class. The Physical Education Department is not responsible for any personal items including those lost or stolen.

LOST & FOUND

Students have the responsibility of checking for any lost articles and books in the nurse's office. In order to protect possessions, it is urged that all articles of gym apparel be marked plainly with the student's name. Further information concerning safekeeping of books, etc. will be found in the paragraph headed "Lockers."

STUDENTS IN THE BUILDING

Pupils are not permitted in the building when school is not in session unless they are in the company of a teacher or coach. Students who are in violation of this rule may be charged with trespassing.

STUDENT GUEST POLICY

Unfortunately, no student guests are permitted on campus due to district liability and insurance.

SUBSTITUTE TEACHERS

We are fortunate to have guest teachers as substitutes when our regular teachers are absent. It is expected that a substitute teacher receives the highest courtesy and cooperation from students at all times. Students will be disciplined for any misbehavior.

LOCKERS

Each pupil will be assigned a hall locker and is solely responsible for any contents. Pupils are responsible for keeping the lockers neat, orderly, and locked at all times. If a locker cannot be opened, the condition must be reported immediately to the Main Office. There will be periodic inspections of the lockers by the teachers and administrators. Lockers are the property of the school system and subject to inspection as deemed necessary or appropriate. Students are cautioned not to give out locker combinations, share lockers, or switch lockers since the locker is to be used only by the individual to whom it is assigned. The school is not responsible for the loss of any material that is stored in lockers. Students are discouraged from keeping valuables/money in their lockers.

***Only combination locks purchased from the main office are permitted on student lockers.** These locks must be obtained from the school. It is required that all combinations be recorded in the office. Failure to do so may result in the removal of a student's lock by the school. **Any locker without a lock will be locked by the main office.**

LEAVING SCHOOL

A student may not leave school property when school is in session, unless they have received permission from an administrator. The penalty for leaving school without permission is suspension.

IDENTIFICATION CARDS

Students will be issued an identification card. The Bogota Advisory Committee sponsors this program. Students should carry cards with them to receive entrance and/or discounts to school activities.

FIELD TRIPS

Students will be limited to one field trip per week and not more than three in a one-month period. It is the responsibility of the student to make up any work missed as a result of the field trip. A student's field trip privilege may be revoked as a result of poor academic performance, excessive absences, or for disciplinary reasons. If a student is absent on the last school day prior to the trip, the student is not permitted to attend the field trip.

DAILY ANNOUNCEMENTS

During homeroom each day, information relative to job opportunities, deadline dates for college admission, applications for scholarships, and applications for college entrance examination board tests will be announced as needed. Special announcements relative to school activities and other items of concern to students are also made. Announcements will be done on our Bogota Bucs Morning Show.

SENIORS – OPEN LUNCH ATTENDANCE

Seniors and their parents must sign a contract in order to leave campus for the open lunch period.

A senior who does not return from lunch period because of illness (or any other reason) will not be excused from the absence unless they do the following:

1. Report to the Nurse/Administrator before leaving the building.
2. Receives a clearance from the Nurse/Administrator to be absent.
3. Contact is made by a parent with the main office.
4. Initiates a telephone call from the parent when student arrives home.
5. Any student who does not adhere to the procedures of the senior open lunch period may lose their going out to lunch status along with detention/suspension.

Seniors who return late from lunch are to be addressed by their classroom teachers with the same procedure used for Class Tardiness and/or receive a teacher detention. Repeat offenders should be written up in RealTime for vice-principal repercussions. Students may lose lunch privileges for a duration of time and/or the remainder of the school year.

LUNCH REGULATIONS

Bogota High School has a "closed" lunch schedule. Therefore, no students except seniors have the privilege of leaving the building for lunch. The following directions apply for students eating lunch in the building:

DEFINITION OF IMPORTANT TERMS:

CREDIT POINT

The credit point is the New Jersey unit for quantitative evaluation of courses. The credit point is determined by the time spent in the classroom. One credit is equivalent to each period per week a full-year course is scheduled to meet; for example, a full-year course meeting 5 periods a week earns 5 credits; a full-year course meeting 6 periods a week earns 6 credits; a one-semester course meeting 5 periods a week earns 2 ½ credits.

COLLEGE ENTRANCE UNIT

The college entrance unit is used by colleges to express a quantitative evaluation of high school courses acceptable as preparation for college; one full-year course is evaluated as one unit. Acceptable units are determined by the college in question, and are usually given for college academic preparatory courses only. Although many of the more competitive colleges may prefer a much stronger program, in general, the minimum requirements for colleges are:

- 4 Years of English
- 4 Years of Physical Education and Health
- 3 Years of College Prep Mathematics (Algebra 1, Geometry, and Algebra 2)
- 3 Years of a Laboratory Science (Biology, Chemistry, General Science)
- 3 Years of Social Studies/History
- 2 Years of one World Language
- 2 Years of Visual/Performing Arts Elective and ½ Year of Personal Finance
- 1 Year of 21st Century/Practical/Vocational Elective

*To be eligible to compete in NCAA sports during your first year at a Division I school, you may be required to take additional courses. Please review with your guidance counselor during your 9th grade year.

*Students are encouraged to review specific college/university requirements with their guidance counselor based on their desired major of study.

REQUIRED COURSE

A required course is one, which all students at Bogota High School must successfully complete before satisfying the state and local requirements for graduation.

ELECTIVE COURSE

An elective course is any course other than the defined required courses; electives are chosen to complete a student's program after the required subjects are selected. A student may elect any course if they have met the specified prerequisite.

COMMUNITY SERVICE

The major purpose of our Community Service Program at Bogota Jr./Sr. High School is to communicate to everyone that a well-rounded education is more than achievement in the Core Curriculum. It is a program that will involve various agencies providing opportunities for students, families and staff members to become participants in helping meet the needs of many people. Students will be able to meet and work with people of all ages, capabilities and interests who will teach and enrich their lives.

As a result, Bogota Jr/Sr High School has made community service a graduation requirement. High School Students (starting in 9th grade) must complete a minimum of 35 hours of community service prior to the end of their senior year.

GRADING POLICY

Grade	Numerical Grade	AP/Honors Weight	Academic Weight
A+	98 – 100	5.2 points	4.2 points
A	93 – 97	5.0	4.0
A-	90 – 92	4.8	3.8
B+	88 – 89	4.5	3.5
B	83 – 87	4.0	3.0
B-	80 – 82	3.8	2.8
C+	78 – 79	3.5	2.5
C	73 – 77	3.0	2.0
C-	70 – 72	2.8	1.8
D	65 – 69	2.0	1.0
F	0 – 64	0	0

CALCULATION OF GRADES:

There are four marking periods plus one final exam. The final exam is calculated as 1/5th of the student's final grade. For, example:

1 st marking period	-	A	=	4 points	
2 nd marking period	-	B	=	3 points	
3 rd marking period	-	C	=	2 points	
4 th marking period	-	A	=	4 points	
Final Exam	-	C	=	2 points	
				<hr/>	
				5 Grades	15 points

15 Points divided by 5 results is a B for the final average grade

A student may fail a course if they do not successfully complete the required book reports, exams, term papers, lab sheets, or other assigned projects.

PHYSICAL EDUCATION GRADING POLICY

All students, under State law, are required to take and pass four (4) years of high school Health/Physical Education. Bogota High School policy requires each student to change into physical education attire (tee shirt, shorts/sweats, socks and sneakers) and participate on a daily basis. The Physical Education grading system consists of 40% uniform, 40% participation, 10% physical fitness test, and 10% cognitive test.

If a student accumulates five (5) zeros during a marking period, they will fail that marking period. Additionally, if the final average of the three Physical Education marking periods is below 65%, the student has failed. State law requires this failure to be made up and passed.

ACADEMIC ACHIEVEMENT

HOMEWORK

The amount of homework will vary with the grade level and the class schedule. One and one-half hours to two hours of homework each night might be considered an average load.

REPORT CARDS

Report cards will be issued four times a year, approximately one week after the close of each marking period. The final report card will include final average grades, credits earned for the school year, total credit accumulation, promotion, retention, and/or graduation.

HONOR ROLL

Honor roll students will be determined at the end of each marking period. A student may not be on the honor roll with an "incomplete" mark in a major subject even though all other grades would qualify him/her for honor roll ranking. The honor roll is displayed in the first floor hall after the issuance of report cards as well as on our school web site.

PRINCIPAL'S HONOR ROLL ranking will be achieved with a marking period grade of A in every subject.

HONOR ROLL ranking will be achieved with a marking period grade of "A" in two subjects and a marking period grade of "B" in all other subjects.

PROGRESS REPORTS

Progress reports will be issued by teachers at the midpoint of each marking period. Progress reports make note of commendations and deficiencies. Specific suggestions are listed for the improvement of some poor academic habits. They will also include a current grade range of performance.

Every effort is made to send "negative" progress reports when a failing grade for the marking period seems probable. However, it is possible that a student may fail for the marking period and not receive a negative progress report, due to failing grades during the latter part of the marking period. A parent should call the teacher/guidance counselor, case manager, if they have a question regarding a specific progress report.

All current grades, progress reports, and report cards are available via the RealTime Parent and Student Portal.

SUMMER SCHOOL

Course credits may be earned in any summer school approved by the State Department of Education. The State of New Jersey mandates a minimum of 60 summer school hours for the remediation of a full-year course already taken with unsatisfactory grade results and 120 hours for a full-year course taken for the first time. Summer school grades are added to the student's transcript with the appropriate coding. They do not replace any grade already earned. Summer school courses and courses taken at other schools during grades 9 – 12 will be included in class rank.

GPA and CLASS RANK

The GPA is calculated from the beginning of the ninth grade on. A PRELIMINARY Class rank is calculated at the conclusion of the 6th semester (end of Junior year) during the summer, and a FINAL RANK is determined after the 7th semester. Only students who are being considered as Valedictorian or Salutatorian have their GPA recalculated.

CALCULATION OF THE GPA

The grade point average is calculated by multiplying the credits for each course by the quality point equivalent for each final grade received (See Grading Policy). The sum of the quality points is then divided by the sum of the attempted credits. Grades from all courses taken in grades nine through twelve are calculated into the GPA except for classes that are pass/fail and Study Hall.

Example of How the Weighted GPA is Calculated

<u>Course</u>	<u>Grade</u>	<u>Weight</u>		<u>Credits</u>		<u>Quality Points</u>
English III (H)	B	4	X	5	=	20
U.S. I (H)	A	5	X	5	=	25
Algebra I	B	3	X	5	=	15
Chemistry	C	2	X	6	=	12
Spanish II	C	2	X	5	=	10
Phys. Ed	A	4	X	4	=	16
Art	A	4	X	5	=	20
TOTALS				35		118

118 DIVIDED BY 35 = 3.371 (a "B" average)

HIGH SCHOOL PROMOTION POLICY

To be promoted to the next grade, high school students MUST attain the following credits:

- **SOPHOMORE: 30 credits**
- **JUNIOR: 60 credits**
- **SENIOR: 90 credits**

COURSE SELECTION AND PLANNING

As students enter Bogota High School, a four-year program plan should be developed. This plan is not a commitment. Each spring it should be reviewed and with the assistance

of the Guidance staff and input from teachers and parents, appropriate changes should be made for the following year.

There will be eight periods in the day. If one period is allowed for lunch and one period is required for Physical Education, only six periods remain available for course use. Plan your courses carefully; giving full consideration to graduation requirements and the number of periods available for the courses you want.

HONORS/ADVANCED PLACEMENT

Honors and Advanced Placement courses are designed to provide students with an academic challenge beyond that which is offered in regular level courses. Differences from other courses are both quantitative and qualitative; that is, there is a greater amount of work required and the work is more difficult. Assignments and activities are specifically designed to move students to think more critically and at a higher level.

Highly and most competitive colleges and universities generally prefer that students striving for admission include honors and/or Advanced Placement courses in their high school program of studies. Since these courses are more demanding, it is strongly recommended that the student confer with the counselor and the teacher when considering an advanced program.

Students taking Advanced Placement courses may take the AP examination in that subject in May of the school year in which the course is taken. Most colleges and universities will grant college credit provided a satisfactory score is earned on the examination (three or higher on a scale of one to five). Students should communicate with specific colleges and universities concerning their policy for granting college or advanced credit.

INDEPENDENT STUDY

An eligible student may elect to participate in an Independent Study program at Bogota High School. The student's involvement will depend upon faculty availability, the student's interests and needs, and the student's willingness to fulfill the terms of a contract signed by the student, the teacher, the guidance counselor and the administration.

CURRICULAR OFFERINGS

The curricular offerings are designed to meet the needs, interests and abilities of the individual student. This is accomplished through Guidance Department conferences with the student and, when desirable, the student's parents. No student is restricted from any course they wish to pursue. Only their measure of success helps hinder their progressive developments in a specific sequential advancement. On the advice or recommendation of their teacher or guidance counselor, students are encouraged to apply themselves in certain areas and/or eliminate other areas of study. Students are required to take at least four (4) academic subjects each year. Students who score below the level of proficiency on standardized tests must be enrolled in a remediation course/BSI.

Schedule changes will be honored by the Guidance Department, only if a valid reason exists and approved by the principal. All scheduled changes must take place within the first two (2) weeks of the school year. Exceptions can be made with administrative approval.

THE COUNSELING PROGRAM

1. Every student is interviewed by one of the guidance personnel every year and many are interviewed several times a year.
2. A cumulative record is kept on each student. At teachers' or parents' request, students are called in for a conference when they have received deficiency slips of failing grades. All parents (8-12) are notified by letter if there is danger of failing a subject for the year.

A student shall be eligible for varsity athletic competition if that student meets each of the following qualifications:

1. Be a registered student under the age of 19 years at the beginning of the school year.
2. To be eligible for athletic or extracurricular activities during the fall and winter seasons, a student must pass 25% of the state requirements for graduation. Presently this requirement is 110 credits. The student must pass the equivalent of 27.5 credits (8th grade students must pass 6 classes – they earn no credits) at the conclusion of the second semester. This applies to all students. (There is no academic requirement for incoming middle school students.)
3. In order to participate in spring sports or extracurricular activities, a student must be passing the equivalent of 12 1/2% of the state requirements, or 13.75 credits (8th grade students must be passing 6 classes - they earn no credits), at the end of the first semester. This applies to all students.
4. **ACADEMIC PROBATION –**
Failing one course- If a student fails one course, they must attend academic probation for a minimum of two weeks (10 school days). Academic probation is held in a designated classroom each morning from 7:30-8:00 A.M. At completion, students must be signed out of probation with the teacher confirming they are passing, as well as passing all other classes in order to resume activity. Once on the team/club, students will be reevaluated at the end of the marking period.

If failing one class at the beginning of a season and not on a sport/club, the student may join the activity before progress reports are issued but they must attend 10 days of academic probation before being eligible to participate. If a student joins a sport after progress reports, they are only required to attend 10 days of academic probation if a student was still failing one class at the time progress reports were issued. At completion, students must be signed out of probation with the teacher confirming they are passing, as well as passing all other classes in order to resume activity. Once on the team/club, students will be reevaluated at the end of the marking period.

Failing two or more courses- If a student fails two or more courses, they cannot participate in any activity, practice or competition. However, students have the opportunity to resume practice/competition at the time of progress reports by doing the following:

- Attend academic probation when notification is sent at the beginning of the marking period that the student is failing two or more subjects.
 - Students can ONLY miss a total of two (2) academic probation sessions between the start date of the probation period and progress reports. Additionally, a student can only

join a team/activity mid-season if they were passing all classes at the time of report cards OR if they attended academic probation until passing all classes as indicated by progress reports. If a student did not attend academic probation, they must wait until report cards to be eligible.

- Pass all classes at the time of progress reports.
- Be signed out of probation by ALL teachers at the time of progress reports. If not passing all classes at the time of report cards, the student is ineligible until the following marking period.

Short credits- Students are not eligible to play until credits are made up. If credits are short and the student is failing, the student must follow the above guidelines to eventually become eligible.

5. Be an amateur.
6. No students shall be eligible for high school athletics after the expiration of eight (8) consecutive semesters following entrance, if that student enters as a freshman.
7. A transfer student is governed by Article V, Section K of the NJSIAA Rules and Regulations.
8. A student who is eligible at the beginning of the sports season shall be allowed to finish that season.
9. Have parents' or guardians' written consent and undergo a thorough physical examination, which is given by the team physician or their own doctor.
10. A student must be in school on the day of an event. Student participation on days when school is not in session is handled on an individual basis.
