

CONGRATULATIONS TO SENIOR

RICARDO SANTANA

For being NOMINATED and RECOGNIZED BY THE MLK Jr. Birthday Committee

The Martin Luther King, Jr. Birthday Committee held its 93rd birthday observance of Dr. King on Monday, January 17, 2022 at 6:30p.m. Their theme is "No Vote...No Voice...No Power." The event was virtually attended by multiple guest speakers and other dignitaries.

An important part of the program is to recognize senior high school students from Bergen County public and private high schools, whose academic achievement and community service truly exemplify the ideals of Dr. King. These students were awarded Certificates of Merit from the Martin Luther King, Jr. Birthday Committee and commendations from the NJ State Legislature and Bergen County officials.

The committee believes that the selection process must be one that is equitable and recognizes the most worthy student. We suggest the following criteria regardless of race, color, ethnicity or religious background:

- The student must have been active in both school and community activities and be academically outstanding.

Ricardo Santana was recognized on Monday for his community service and academic achievements throughout his career at Bogota Junior Senior High School.
